1. School profile

Benton Junior College was opened in 2004 and is located approximately 8 kilometres east of the Mornington township. We have 750 students enrolled from Foundation to Year 6 and 65 school staff members including a school nurse, a wellbeing coordinator and part-time social worker and speech pathologist.

Our school grounds back onto native bushland, and we are surrounded by a supportive community. Most students that attend our school live locally and tend to walk or ride their bike to school. Example School has developed close ties to the local community and enjoys support from our local shops and community services.

We have a range of children from culturally diverse backgrounds with 2% of families having a language background other than English (LOTE). The school also has strong representation from the Koorie community with approximately 3% of students whose families identify as being Koorie. We are proud of our diversity and inclusive school community.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

2. School values, philosophy and vision

Benton Junior College's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Benton Junior College vision embraces:

- The celebration of individual self-worth. To enhance the capabilities of all learners, so that they may relate their experiences to the realities of the world.
- Respect and empathy that will enhance a sense of family, community and international spirit. Interpersonal relationships which focus on a sense of family and community spirit as the foundations of responsible citizenship and international understanding. Community support for the whole child; a child with a positive self-image, who respects the rights of others.
- Individuals to be inquirers, thinkers, communicators, risk-takers, knowledgeable, principled, caring, openminded, balanced and reflective in all they do. To nurture all learners, by harnessing creative curiosity and fuelling a passion to learn. Learning is relevant and meaningful through the use of an inquiry-based approach rich in quality learning experiences - academic, social, emotional, spiritual and physical.
- A concept driven curriculum where structured, purposeful inquiry is a powerful tool for real learning; learning which promotes genuine understanding and encourages the engagement of important ideas. To provide a learning environment that seeks to appreciate the richness of cultures, embracing diverse values and attitudes, always conscious of the shared humanity that binds all people together.
- Learning together in happy, safe and challenging environments. Learning is given meaning when applied to real life and through interactions with other people. To provide programs which encourage active and compassionate lifelong learners who understand that other people, with their differences, can also be right.

Benton Junior College mission statement is: “To motivate to learn; to teach to think; to encourage to imagine, and to show the compassion to care globally”.

Our values are embedded in our curriculum which encompasses the Primary Years Program, Learner Profile. Benton students strive to be:
